

Ergotron® 100 Series

for low profile systems

Highlights

- *Patented Monitor Suspension Technology allows monitors to swing, tilt or rotate*
- *Slim profile saves space*
- *Provides smooth adjustment while maintaining touch-screen stability without the need for knobs or levers*
- *Up to 180° of up-down tilt and 180° of side-to-side tilt*
- *Internal steel construction for long-lasting durability and easy to clean plastic exterior*
- *Handles flat panel monitors up to 28 lbs (12.7 kg)*
- *Multiple keyboard tray options provide optimum ergonomic comfort*
- *Fold up keyboard against the wall when not in use*
- *Pivot technology tested for 50,000 cycles to ensure long-lasting performance*
- *VESA® Flat Display Mounting Interface (FDMI™) Standard compliant for easy monitor attachment*
- *5-year warranty*

The 100 Series allows flat panel monitors, keyboards and laptops to be mounted with a minimum profile while providing side-to-side and up-down pivot movement. The patented friction system provides smooth adjustment while maintaining touch-screen stability.

Choose from Single Pivot, Single Pivot with Portrait/Landscape (P/L), Double Pivot, Double Pivot with P/L and Keyboard/Laptop Pivots to suit your application. Multiple surface attachment and accessory options are available.

Single Pivot shown mounted to Wall Track. Wall Track can provide a common interface for multiple Pivots.

All 100 Series can be mounted directly to surfaces with appropriate fasteners (Double Pivot with P/L shown).

Double Pivot with P/L shown mounted to Wall Plate. A custom monitor interface plate is utilized.

Keyboard Pivot shown with Keyboard Tray—folds up flat when not in use (see inset photo).

100 Series shown mounted to 2" round pole.

General Dimensions:

Single Pivot

Single Pivot with P/L

Double Pivot

Double Pivot with P/L

Keyboard/Laptop Pivot

Range of Motion:

Note: Actual range of motion depends on mounting surface and size of monitor.
